

iClicker Registration Instructions

If you already have an iClicker student account and iClicker Student app you will automatically be added to your instructor's iClicker roster if your account contains the correct information, **such as MSU email and MSU student ID.**

Additional action is only required if you do not yet have an iClicker student account or if iClicker can't match you based on the personal information in your account. You will receive an email from iClicker with instructions to either create an account or ensure your profile contains the information required for your grades to sync from iClicker.

Note: iClicker Student application is free to use for MSU students. You should not be prompted for payment. If you have used iClicker Reef in the past, the interface may say that your subscription has expired. However, you do not need to purchase a subscription as long as you are taking courses at MSU. The product should still work. If the product does not work, contact iClicker support at <https://www.iclicker.com/support> and they will help you troubleshoot the issues. If you have paid for iClicker Student App (formerly iClicker Reef) accidentally, please contact iClicker support for help with a refund.

To create a new account please follow the instructions below.

- Install iClicker Student App on your phone 
- To create an iClicker account follow the steps in the app.
 - Click on “Sign up” link to create an account.
 - Click on “Find your institution” and type “**Michigan State University**” and click “Next”.
 - Fill out the account information form. Make sure to use your **MSU email address** and your **MSU NetID.**
- Your account will be automatically added to the course iClicker roster. It may take up to 24h for your account to be synced into the course iClicker roster.

NOTE: If the iClicker Student app does not work properly on your mobile device you will need to purchase and register a physical iClicker remote. A limited number of free iClicker remotes are available to be borrowed from the ASMSU office (<https://asmsu.msu.edu/home/services/>).
