LIST OF PIOTR PIECUCH’S PUBLICATIONS†

1. Monographs, Book Chapters, and Feature Articles††

† Papers written at Michigan State University before submitting the tenure promotion package in the Fall of 2001 are marked by †. Papers written at Michigan State University after submitting the tenure promotion package in the Fall of 2001 are marked by ††. Clickable hyperlinks to listed publications are marked by blue color.
†† All other invited papers are listed with the remaining original articles.

11.** D.J. Dean, M. Hjorth-Jensen, K. Kowalski, T. Papenbrock, M. Włoch, and P. Piecuch, “Coupled Cluster Approaches to Nuclei, Ground States and Excited States,” in: 

2. Articles

125.** C.D. Sherrill and P. Piecuch, “The $X ^1\Sigma^+ \varepsilon_g$, $B ^1\Delta_g$, and $B' ^1\Sigma^+_g$ States of $C_2$: A Comparison of Renormalized Coupled-Cluster and Multireference Methods with Full Configuration Interaction Benchmarks,” *J. Chem. Phys.* **122**, 124104-1–124104-17 (2005).

189.** P. Piecuch, J.A. Hansen, D. Staedter, S. Faure, and V. Blanchet, “Communication: Existence of the Doubly Excited State that Mediates the Photoionization of
