Proposal for a Committee on Ethics

- The Committee on Committees presented to Council a proposal for establishing a Committee on Ethics as an Other Committee of the Council. The charge of this committee would be as follows: To coordinate the ethics-related activities of the Society, serve as an educational resource and clearinghouse, but not as an adjudication body, for ACS members seeking guidance on ethics issues; raise awareness of ethics issues through meeting programming and columns/editorials; review recognition opportunities for acknowledging ethical behavior; and to develop and oversee such other ethics-related activities as will serve ACS members and promote the Society's standards of ethical conduct within the profession of chemistry and its related disciplines. After defeating a motion to assign the proposed duties of the committee to the Committee on Economic and Professional Affairs, the Council VOTED to establish a Committee on Ethics as an Other Committee of the Council.

Registration Report

- As of March 15, 2005, the ACS spring national meeting had attracted 15,385 registrants as follows: Regular attendees 8,372; Students 4,160; Exhibitors 1,624; Exposition only 628; and Guests 601.

Member Statistics

- Membership in the American Chemical Society was 158,127 as of year-end 2004. Compared to the previous year, this represents less than a 1% decrease. In 2004, more than 13,000 new members were added to the rolls.

Petition for Consideration

- The Committee on Nominations and Elections withdrew a petition on election procedures. The committee plans to offer additional changes to the Society's election procedures and introduce a new petition at the fall national meeting.

Special Discussion Item

- A special discussion item was put on the Council agenda for this meeting. ACS President William F. Carroll presented an overview of Chemistry Enterprise 2015, posing the question, "Where will our students come from in the next ten years, and where will they go?" Councilors then participated in a lively discussion of this issue. The issue was framed as follows: Currently the U.S. has a strong university system

and U.S. graduate education in science is widely recognized as the best in the world, but problems loom on the horizon. In addition, a variety of factors in the nation's academic infrastructure are likely to produce change in the training and careers of new chemists. The discussion at Council intensified awareness of this issue and possibilities for solutions.

2006 Member Dues

- The Council VOTED to set the member dues for 2006 at the fully escalated rate of \$127.

ACTIONS OF THE BOARD OF DIRECTORS

The Special Temporary Assessment

- In December 2002, the Board of Directors enacted a special temporary assessment to cover the costs of increased funding for divisions and local sections, as stipulated in the Petition for Division and Local Section Funding, which was subsequently approved by the ACS Council, Board, and membership in March 2003. The Board accepted the temporary assessment with the understanding that it would be reviewed each year to determine whether it could be reduced. The Board reviewed the temporary assessment for 2006 and, in light of the Society's strong financial performance, VOTED to reduce it to \$5, rather than proceeding with the scheduled \$6 assessment.

The Society's Current Finances and Financial Future

- The Committee on Budget and Finance reported that the Society ended 2004 with a net contribution from operations of \$5,099,000 on revenues of \$419,200,000 and expenses of \$414,700,000. This was \$3,628,000 favorable to the approved budget. After including the results of the Belmont Conference Center, recorded as a discontinued operation, and the Member Insurance Program, the Society's overall net contribution for 2004 was \$4,465,000, which was \$3,229,000 favorable to the approved budget.
- The Board reviewed and VOTED to accept several recommendations from the recent Financial Planning Conference held January 2005. The purpose of this conference was to provide a comprehensive assessment of the Society's financial position; to review the appropriateness and adequacy of the Society's current financial guidelines; and to assess the Society's changing risk profile and the potential implications on major ACS funding sources over the next three years.

The Board's Committees and Task Forces

- The Board received a screened list of candidates from the Committee on Grants and Awards for the 2006 Priestley Medal and the Volunteer Service Award. The Board will announce the two winners at its June meeting.
- The Board, through its Committee on Professional and Member Relations (P&MR), reviewed the approval process for recurring meeting cosponsorship requests and VOTED to streamline and simplify the process. The Board also VOTED to authorize P&MR to approve requests where ACS seeks the cosponsorship of other organizations.
- The ACS/AIChE governance-to-governance task force and the ACS/AIChE Joint Membership task force have concluded formal discussions and have agreed on several points. At this meeting, the Board VOTED to discharge both task forces with thanks.

The Society's Staff

- The Board received a report from the Executive Director/CEO and several of her direct reports on the status of the Society's website project, special issues associated with Chemical Abstracts Service and the Publications Divisions, the Green Chemistry Institute, and the activities of the General Counsel. The compensation of the Society's executive staff receives regular review from the Board.

The Society's Publications

- The Board VOTED to approve the appointment of an editor for a new Society journal, *ACS Chemical Biology*. *ACS Chemical Biology* is scheduled to debut in 2006.

ACS Governance Review

- The Board of Directors VOTED to support the creation of a Joint Board-Council Policy Committee Task Force on Governance Review with the charge to conduct a review of the Society's governance structure and Constitution and Bylaws to ensure that the Society has a governing framework to enable it to best fulfill its mission, meet member needs, and remain a world-class organization.
